

# Bath & promotion

MASTERMARK

Bath & Promotion towels, bath towels and bathrobes are a guarantee of material quality, functionality and original design that you can participate in. Bath & Promotion offers heavyweight products that make towels and bath towels exceptionally absorbent and soft to the touch. Variety of colors of the products, the wide choice of branding technologies and unlimited possibilities make them ageless promotional gifts.

The brand's prestige is determined not only by the quality of the products, but also by the value of the story, which the products gain from you. Trusting our brand, you give Bath & Promotion the opportunity to create more original promotional gifts that stay modern even when everything is changing and aging.

## Natural materials

### COTTON

Absorbent, fine, yet strong, fiber obtained from the seeds of cotton bush.

### BAMBOO

Textile raw material obtained from the bamboo stalk by an environmentally friendly process.

### ORGANIC

Natural (bio) cotton grown without the use of synthetic chemical pesticides, herbicides and fertilizers.

## Synthetic materials

### POLYESTER

Weather and microorganism resistant material, which dries quickly.

### POLYAMIDE

Highly breathable material made from plastic processing.

### COOLING YARN

Cooling yarn made of polyethylene; it dissipates heat and is wear-resistant.
